In partnership with

Tracker™

95% of stolen assets are never recovered. Protect your agricultural machinery with Tracker™

Agricultural thefts are an ever-present problem in the UK, so it is important to protect your assets against crime and the inconveniences that come with vehicle theft.

Locate

Locate offers a premium stolen vehicle recovery service with jamming countermeasures, combining VHF, GPS and GSM technologies to create the ultimate defence against theft. Locate also comes with access to the Tracker Touch app for a quick, easy way to report vehicle theft, as well as track your vehicle, manage your account and create a geofence at the touch of a button.

£1,091 (Plus 5 FREE Nano GPS tracking devices inc. 1 year subscription)

Vehicle Movement Alert

Vehicle Battery Disconnect Alert

System Health Check

Geofence Capabilities

Monitor

Monitor operates using Tracker's patented VHF technology, allowing you to be alerted in the event of theft where the vehicle is moved without the ignition being turned on. On confirmation of the theft and receipt of your police crime reference number, Tracker will activate the unit, which will emit a silent signal allowing the police to track the vehicle to its exact location, even if it's hidden in a shipping container or taken underground.

1 year subscription

£540 (Plus 1 FREE Nano GPS tracking device inc. 1 year subscription)

Retrieve

Battery Powered

Specially developed to protect non-powered or infrequently used assets to avoid draining the battery, Retrieve – Battery Powered, has its own power source, meaning it doesn't need to be wired into an electrical system. The device is easy to fit and suitable for all types of assets including quad bikes, horse boxes, trailers, and generators.
